Transition

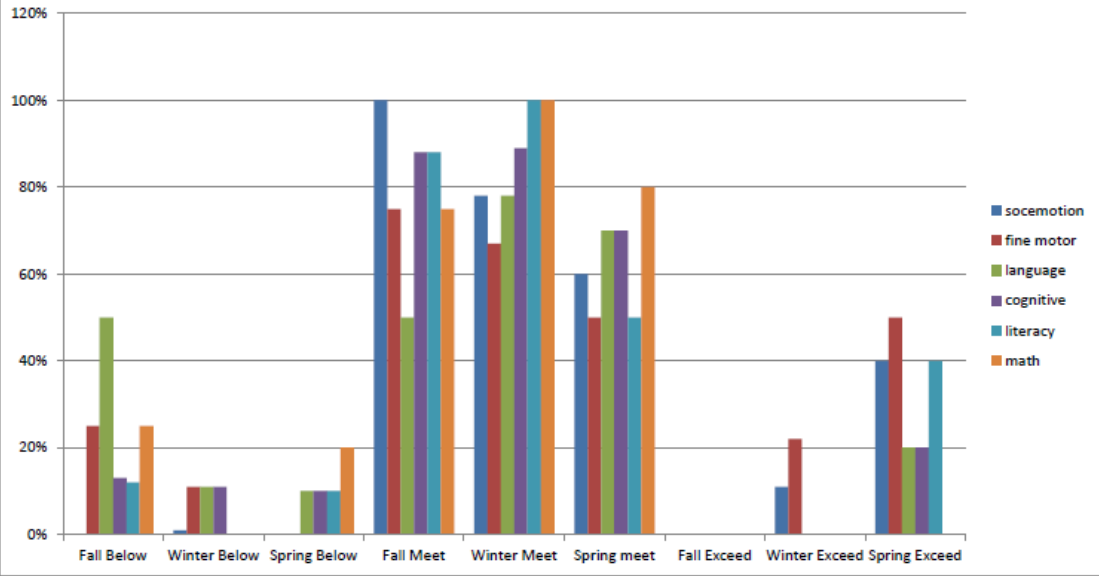

For Early Head Start transition we do the following:

The Early Head Start teachers meet with the Head Start teachers. Head Start teacher has been meeting with the Early Head Start teachers twice a year for transition meetings. Parents are invited to attend transition meetings. Home-base parents and children also have this opportunity. The Early Head Start teachers keep a list of transition activities for each child. The transition activities may include such things as potty training, IFSP/IEPs, self-help skills, etc. Early Head Start center and home-based parents and children are given the opportunity to visit the preschool classrooms. Last year for example they were told they could visit any Thursday or Friday in April.

SCICAP Early Head Start Child Assessment Summary 2017-2018

The graphs clearly depicts that most Early Head Start children Met or Exceeded expectations in the six developmental areas.

Widely Held Expectations-Fall/Winter/Spring 2017/2018
