Other?		C Yes	C _{No}			
Explanations of policies for each "yes" checked above: Households containing an elderly and/or disabled member are allowed to apply on October 1st, while all other households must wait until November 1st. NOTE: Section 2.1 Iowa's eligibility threshold is 200% FPG (\$29,160 for a household of 1), which matches Iowa's Weatherization Assistance Program and is less than 60% of Iowa's SMI (\$32,607 for a household of 1). Non-subsidized households where all energy utilities are included in the rent are eligible for LIHEAP Regular Assistance because the benefit amount is determined by a matrix, and does not depend on the amount actually owed by the household. These households are not eligible for Crisis Assistance unless they can demonstrate a measurable primary or secondary energy burden. Subsidized households where heat is included in the rent are eligible for LIHEAP Regular Assistance provided they have a secondary energy burden with a utility vendor. Subsidized households where both heat and electric are included in the rent are ineligible because the household's energy burden is already reduced through the housing subsidy.

2.4 Describe how you prioritize the provision of heating assistance tovulnerable populations, e.g., benefit amounts, early application periods, etc. Only households with an elderly and/or disabled member, or households facing disconnection of service, can apply starting October 1st. Priority for receiving service is given to households with the highest energy usage (greatest potential for savings) with additional priority to households occupied by elderly persons, persons with disabilities, and/or young children. The priority system is consistently applied to all housing types, single family, mobile homes, and multi-unit dwellings.

Client selection for service is based on a point system which is based on an estimate of annual client bill savings for heating, water heating, and air conditioning measures. Additional points are given if any household members are elderly, disabled, or young children.

A household's client point total will be increased by 5% for each of the following situations:

- · The household is occupied by an elderly person
- · The household is occupied by a person with disabilities
- The household is occupied by young children

(A household's priority point total could be increased by 15% if each of the situations listed above exists.)

8.6 - Community action agencies are given priority by Iowa Code 216A to serve as the local administering agency (Subgrantee) for LIHEAP. In the event that a Subgrantee is no longer able or willing to administer the Low-Income Home Energy Assistance Program in its service area, or if the Grantee determines that a Subgrantee has defaulted on the Contract to administer the LIHEAP program, the Grantee reserves the right to operate the program directly or to select an alternate Subgrantee(s) to provide LIHEAP services in the service area of that Subgrantee.

Selection of an alternate Subgrantee will be based on the following criteria: (1) capacity to deliver the required service; (2) quality of work; and (3) geographical proximity to the service area. Contiguous community action agencies will be given primary consideration by the Grantee in selecting an alternate Subgrantee. If no contiguous community action agency is available to serve the unserved area, the Grantee will solicit a non-contiguous local agency to serve the unserved area. If no contiguous or non-contiguous local administering agency is available to serve an unserved area, the Grantee will solicit a private, non-profit organization providing other related services in the unserved area and capable of meeting all program requirements to serve the unserved area. A public hearing will be held to accept comment on the new Subgrantee selection before a Subgrantee is designated.

Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?
Heating • Yes • No
Cooling C Yes O No
Crisis
Are there exceptions? • Yes • No
If yes, Describe. Eligible households who pay an undesignated portion of their rent toward energy costs will receive assistance sent directly to their secondary (electric) provider.
Direct payments to eligible households must be approved by the state office in all circumstances with the exception of the following:
 When both primary and secondary utilities are included in the rent and the account is in the landlord's name (Non-subsidized households, and only regarding LIHEAP Regular Assistance).
 When a CAA is unable to locate a vendor for a deliverable fuel LIHEAP customer (e.g., vendor will not sign a General Vendor Agreement, or a vendor is not able to service the tank because it belongs to a different vendor, the household has a small tank (e.g., 20 gallon) and the vendor will not make a delivery or a fill, etc.), they are required to offer a choice of either a direct pay to the LIHEAP customer or payment to a secondary vendor, and the deliverable fuel LIHEAP customer chooses a direct pay.*
• If unable to establish another source of heat, the funds for which the household is eligible are to be made as a direct payment. Direct payment is made with the hope that the LIHEAP customer is able to find an alternate source of fuel or perhaps another place to stay, until they can pay the bill and be reconnected.
• The assistance award for households whose primary source of heat is wood/coal/corn will be forwarded to the household's electric supplier if a suitable wood/coal/corn vendor is not available. If no electric supplier exists, a direct payment to the LIHEAP customer may be made. *
* The CAA must have verified documentation for any direct payments.
9.2 How do you notify the client of the amount of assistance paid?
A determination letter is provided to the customer at the time the application is approved.
9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?
This is included as a provision in our vendor agreements and monitored for compliance.
9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?
This is included as a provision in our vendor agreements and monitored for compliance.
9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households? O Yes No
If so, describe the measures unregulated vendors may take.

Section 12: Fair Hearings, 2605(b)(13) - Assurance 13

12.1 How many fair hearings did the grantee have in the prior Federal fiscal year? 0

12.2 How many of those fair hearings resulted in the initial decision being reversed? 0

12.3 Describe any policy and/or procedural changes made in the last Federal fiscal year as a result of fair hearings?

NA

12.4 Describe your fair hearing procedures for households whose applications are denied.

An applicant may initiate an appeal if the application was denied, or incorrect facts or improper procedures were used to determine eligibility, assistance amounts, or services. The applicant has 30 calendar days from the date of the approval or denial letter to appeal that decision by mailing or delivering the request for appeal to the local administering agency (LAA) at which the application was made.

If the LAA neither approves nor denies the application within 30 calendar days of receipt of a complete application, the applicant may treat the failure to act as a denial. The applicant then has 30 additional calendar days to appeal.

To appeal, the applicant (claimant) must submit a written appeal to the LAA at which they applied, and include the action the applicant would like taken, and any other information which might affect the decision. Those claimants unable to read or write shall have the LAA assist them in reading, writing, or understanding appeals, hearings, and their associated procedures.

The LAA will act on the claimant's request and notify the claimant of the result in writing within seven calendar days of the date an appeal was requested (postmark date if sent in mail).

If the claimant does not agree with the decision reached, the claimant may write the LAA within 14 calendar days of the decision (postmark date if sent in mail) and request that a state hearing be held with the Division of Community Action Agencies (DCAA). The claimant must explain in writing why the agency's decision is being appealed and include any information which might affect the decision.

The LAA will forward all information about the request for a hearing to the DCAA and a hearing will be scheduled within 14 calendar days of receipt of the appeal and request for a hearing. The claimant will receive written notice of a state scheduled hearing from the division. The notice will include the date, time, and place of the hearing. State hearings may be held by telephone at a mutually convenient time or in person. During the hearing, all information will be reviewed and a decision will be rendered by the division within 7 calendar days.

The client may appeal the decision of the DCAA to the Iowa Department of Inspection and Appeals (DIA). The client must submit a written appeal to the DCAA within 7 calendar days (postmark date if sent in mail) of receiving the division's decision. The division will follow the appeal procedures outlined in 481 – Chapter 10 of the Iowa Administrative Code.

12.5 When and how are applicants informed of these rights?

Each applicant is provided with a copy of the appeal procedure at the time the application is approved or denied. It is also posted at every intake site and on the state website.

12.6 Describe your fair hearing procedures for households whose applications are not acted on in a timely manner.

Same as outlined in 12.4, the applicant receives the approval/denial letter that also states their right to appeal in the event they believe their application is not acted on in a timely manner. They will be notified that their application will be acted upon in 30 calendar days.

12.7 When and how are applicants informed of these rights?

Each applicant is provided with a copy of the Appeal & Hearing Procedure at the time the application is approved or denied. A copy of the of the Appeal & Hearing Procedure is also posted at every intake site and on the state website.

13.3 Describe the impact of such activities on the number of households served in the previous Federal fiscal year.

While not easily quantifiable, households receiving assistance or measures through conservation education and low-cost energy efficiency will experience usage reduction. Other measures provided allowed them to get or retain utility service, or manage their money to a greater degree.

13.4 Describe the level ofdirect benefitsprovided to those households in the previous Federal fiscal year.

14.1 Do you plan	n to submit an application for the leveraging inc	entive program?
Yes 🧖 No	, (

14.2 Describe instructions to any third parties and/or local agencies for submitting LIHEAP leveraging resource information and retaining records.

14.3 For each type of resource and/or benefit to be leveraged in the upcoming year that will meet the requirements of 45 C.F.R. § 96. 87(d)(2)(iii),describe the following:

Resource	What is the type of resource or benefit ?	What is the source(s) of the resource ?	How will the resource be integrated and coordinated with LIHEAP?
1	Customer Contribution Funds	These funds represent a legislatively mandated customer contribution program, for all state regulated utilities. Customers and members donate money in addition to their energy bill. The utility companies also match donated funds with funds of their own.	These funds are passed through to local community action agencies to augment LIHEAP and Weatherization assistance to low-income households. This is a legislative mandated program. Members of Iowa's community action agencies, the state energy assistance office, the state weatherization office, and low-income representatives were instrumental in establishing rules for these programs.
2	MidAmerican Energy, Interstate Power and Light, Black Hills Energy Weatherization of low-income customers	These funds are the continuation of a one-time legislatively mandated program that regulated utilities return money to low-income customers for energy efficiency programs.	Program representatives have, and continue to document and report on low-income households' energy burdens, and the impact of those burdens on the household's ability to meet basic needs. Through personal contact with utility representatives, LIHEAP program representatives have negotiated low-income energy efficiency funding.

Instructions for Certification

- 1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.
- 2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- 3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.BrBbr.
- 4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- 5. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central pint is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

- 1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
- 2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
- 3. For grantees other than individuals, Alternate I applies.
- 4. For grantees who are individuals, Alternate II applies.
- 5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
- 6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
- 7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
